

**SUZHOU YRC CHEMIST LIMITED**

## Deep Blue Speckles Certificate of Analysis

**INCI Name:** Proprietary Mixture

**CAS NO.:**N/A

**Chemical Structure:**N/A

### **Product Specification:**

Test Item	Standards	Test Results
Appearance	flow freely,no agglomeration	flow freely,no agglomeration
odor	no peculiar smell	no peculiar smell
apparent gravity, g/l	800~1200	1065
diameter≥16mesh, %	≤5.0	0.84
diameter16~30mesh, %	≥80.0	89.95
diameter≤40mesh, %	≤10.0	1.51
rate of dissolution, s	≤300	120
PH value (1% aqueous, 25°C)	7.0~12.0	9.21
loss on drying, %	≤5.0	0.33

### **Product Features:**

It is a colorant additive, intense blue particles, with controlled solubility in water, providing uniform dispersion and excellent light stability in formulations.

### **Package :**

to be packed in 25kg bag

### **Shelf life :**

Stored in a cool, dry, dark and ventilated place, expiry time is 24 months from production date.

---

**Add:B-1308, Huijing Centre,Zhangjiagang, Suzhou, Jiangsu Province, China.**

SUZHOU YRC CHEMIST LIMITED

## Deep Green Speckles Certificate of Analysis

**INCI Name:** Proprietary Mixture

**CAS NO.:**N/A

**Chemical Structure:**N/A

### **Product Specification:**

Test Item	Standards	Test Results
Appearance	flow freely,no agglomeration	flow freely,no agglomeration
odor	no peculiar smell	no peculiar smell
apparent gravity, g/l	800~1200	1061
diameter≥16mesh, %	≤5.0	0.85
diameter16~30mesh, %	≥80.0	90.16
diameter≤40mesh, %	≤10.0	1.52
rate of dissolution, s	≤300	120
PH value (1% aqueous, 25°C)	7.0~12.0	9.22
loss on drying, %	≤5.0	0.36

### **Product Features:**

It is a colorant additive, rich green particles, offering fade-resistant coloration and guaranteed batch-to-batch consistency for reliable product integration.

### **Package :**

to be packed in 25kg bag

### **Shelf life :**

Stored in a cool, dry, dark and ventilated place, expiry time is 24 months from production date.

## Deep Red Speckles Certificate of Analysis

**INCI Name:** Proprietary Mixture

**CAS NO.:**N/A

**Chemical Structure:**N/A

### **Product Specification:**

<b>Test Item</b>	<b>Standards</b>	<b>Test Results</b>
Appearance	flow freely,no agglomeration	flow freely,no agglomeration
odor	no peculiar smell	no peculiar smell
apparent gravity, g/l	800~1200	994
diameter≥16mesh, %	≤5.0	0.82
diameter16~30mesh, %	≥80.0	90.51
diameter≤40mesh, %	≤10.0	1.44
rate of dissolution, s	≤300	120
PH value (1% aqueous, 25°C)	7.0~12.0	9.16
loss on drying, %	≤5.0	0.35

### **Product Features:**

It is a colorant additive, vibrant red particles, exhibiting stable hue retention and predictable dissolution performance across various applications.

### **Package :**

to be packed in 25kg bag

### **Shelf life :**

Stored in a cool, dry, dark and ventilated place, expiry time is 24 months from production date.
